

MATRON EYLER TESTIFIES.

SAYS SHE WAS THE VICTIM OF A TEACHER'S CONSPIRACY.

They Were Opposed to Her Because She Enforced Discipline, and They Did Their Best to Undermine Her Authority—Miss Frances Eyer's Testimony Contradicted.

THURSDAY, N. J., March 19.—Mrs. Eyer, the principal and matron of the State Industrial School for Girls, was on the witness stand today in the trial of the teachers who were charged with conspiring to overthrow her. A constant fire of questions was aimed at her by the members of the assembly committee which is investigating the management of the school, and especially the charges of cruelty and tyranny preferred against her. She testified that soon after her appointment as principal and matron she discovered a conspiracy among some of the teachers to overthrow her. She testified that she was not a tyrant, and that she was not a cruel person. She testified that she was not a tyrant, and that she was not a cruel person. THE STORY OF THE BOERS.

An Authorized Publication on the War That Is About to Be Issued.

In his article on "The Policy of Mediation," which serves as an introduction to "The Story of the Boers," which is about to be published under authority of the South African republics, Montagu White, formerly Consul-General of the Transvaal at London, discusses the possibility of mediation on the part of our Government and prophesies a long continuance of the war. In answer to the argument that has been brought forward that no Government will have a right to intervene unless requested to do so by both belligerent parties, Mr. White says: "It may be urged that if the two combatants jointly desire peace they can dispense with the services of a mediator and settle the matter among themselves. To remain passive until such a contingency arises, and then offer to mediate, would be a cheap and tardy act of benevolence. The assignment of mediation is that a friendly neutral should act spontaneously and in a disinterested manner."

ANTI-RAMPO BILL PASSED.

ONLY FOUR VOTES WERE RECORDED AGAINST IT IN THE SENATE.

THE SENATE ALSO PASSED THE BILL TO PREVENT THE CORPORATION COUNSEL FROM CONFISCATING THE VOTING MACHINES AGAINST NEW YORK CITY. THE VOTE STOOD 38 YEAS TO 13 NOES.

ALBANY, March 19.—The Senate tonight passed Assemblyman Fallows' Anti-Rampage bill by a vote of 42 to 4, and Assemblyman Fallows' New York City Corporation Counsel Anti-Confiscation of Judgment bill by a vote of 38 to 13.

The first business considered by the Senate was the special order. The first bill provided that New York City shall not enter into a contract with a private water company without the approval of the Board of Public Improvements, the Board of Estimate and Apportionment and the separate written assent of the Mayor and the Comptroller. It also provides for a review of the granting of such contract by the courts. This, it is thought, will prevent the granting of a contract by the city to the Rampage Company, pending the solution of the water problem.

Senator Ford favored the bill, though he hoped more drastic legislation would be passed later so that the city, through an act of the Legislature, would be able to take any portion of the Rampage or other water sheds not used by another municipality. Senator Grady said the power given the Comptroller to veto a water contract could not be justified. He defended the attempt of the city authorities last year to enter into a contract with the Rampage Company.

Senator Stranahan said that contract had been condemned on all sides as inimical to the city's interests, and that it would have been successful had not City Comptroller Croker vetoed the contract. Senator Grady attacked the measure, declaring that it was not demanded for the city by the people, and that it was a challenge to any just criticism of any judgment conferred upon the city by the people. Senator McCarter, speaking for the Brooklyn Democratic organization, believed the Corporation Counsel had no right to veto a contract, and that the city which could be questioned, nor did he believe, the Corporation Counsel would do so.

Senator Ford said no criticism upon the actions of the present Corporation Counsel was justified by the passage of the bill. It was passed by a vote of 42 to 4. Senators Ford, Grady, McCarter and Wagner, Democrats, voted with the Republicans for the bill. Senator Grady has introduced his bill of last year providing that only horses attached to "light wagons" shall be allowed to use the Speedway in New York.

WITNESSED NEXT DOOR.

Told of Women's Visits to Kennard-Kennard's Explanations.

Wilhelmina Charlotte Kennard, who obtained a divorce from her husband, Ed Kennard, last April, was before Justice Andrews of the Supreme Court yesterday for an absolute divorce. Kennard resides in an apartment adjoining that of his mother at the Virginia Hotel in West Fifty-ninth street. A detective told of hiring a room near that of Kennard at the hotel and of observing visits of a Miss Disbrow and another woman to Kennard's room.

Kennard, who murmured "cur" while the witness was testifying, denied on the stand that there was any improper relation between him and any other woman at the hotel. He said he had known Miss Disbrow for some time. She had helped fix up his room and had been friendly to him. He had been friendly to her. He had been friendly to her. He had been friendly to her. He had been friendly to her.

"Because he was a sick man and was lonely," the Court reserved decision.

M'GUFFERT LEAVES PRESBYTERY.

The Professor Writes to the Moderator Notifying Him of His Intention.

Prof. Arthur C. McGuffert of the Union Theological Seminary at New York City, yesterday notified the Moderator of the New York Presbytery, of which he has been a member, informing him of his intention of withdrawing from that body and from the Presbyterian Church. When seen at his home last evening Dr. McGuffert said:

"The letter was sent to-day, but I cannot withdraw until after the meeting of the Presbytery in April and until then I do not care to discuss my reasons for wishing to leave the Church. My letter to Dr. Duffield is only in the form of a resignation, and I do not intend to leave the Church until I have made a full statement to my own conscience."

Dr. McGuffert said that his resignation was the outgrowth of the controversy over his book, "The History of Christianity in the Apostolic Age," which he had written. He said that the Presbyterian clergy took issue, claiming that the views expressed in the work were not in harmony with the doctrine of the Presbyterian Church. He said that he was not in harmony with the doctrine of the Presbyterian Church.

SENATORS STUDYING CUBA.

COMMITTEE CONFER WITH GEN. WOOD AT HAVANA.

Going to Pinar del Rio to-day—Gen. Wood Fixes New and Severe Penalties for Perjury, the Most Common Crime in Cuba—Investigating La Gloria Colony.

Special Cable Dispatch to THE SUN.

HAVANA, March 19.—Senators Platt (Conn.), Teller and Aldrich, who are here making a personal investigation of the conditions prevailing in the island, spent a busy day. They had a long conference with Governor General Wood, Gen. Ludlow and other American administrators. To-morrow they will go to Pinar del Rio.

Gen. Wood has signed a new order against perjury, imposing severe punishment. Thirty years' imprisonment is the penalty where perjury is committed in a trial attended by capital punishment. Where perjury leads to the imprisonment of the accused, the punishment is fixed at fifteen years' imprisonment at hard labor. In ordinary cases the sentence may be from one to twelve years. Great efforts will be made to enforce this law strictly as perjury is now one of the commonest crimes in Cuba. In fact, it is called a national vice, and the sanctity of an oath is impressed on the people by the administration of justice will be almost impossible.

Conferees between the opponents of the National party are frequent now that interest in the approaching municipal campaign grows greater. There is every probability that the opposition which has not yet organized to speak of will wait until the National party makes its nominations and then place the strongest available ticket in the field. The leaders of the opposition say they are convinced that the National party will not attempt to put up a really meritorious ticket, and that they will win in the election by the support of the masses. The National party is now in a position to make a strong showing in the election.

Gen. Wood has ordered Commanding Officer Hatfield at Puerto Principe to investigate the colony at La Gloria owing to the complaints that have been filed before him. Mr. Hatfield has already had a Post Office inspection of the colony and has found that the promoters of the scheme were using the mails for fraudulent purposes. This inspector has turned in a report that will be referred to Gen. Wood.

STRENGTHENS, STIMULATES, AND CLEANSES THE LIVER.

KUTNOW'S POWDER IS A THOROUGHLY SAFE, PLEASANT, AND SPEEDY REMEDY FOR ALL DISORDERS OF THE LIVER, AND QUICKLY REMOVES THE HEADACHE, LASSITUDE, INSOMNIA, LOW SPIRITS, BILIOUSNESS, AND NERVE TROUBLES THEY PRODUCE.

SAMPLES SENT FREE. SAMPLES SENT FREE. SAMPLES SENT FREE.

An extraordinary amount of ill-health and bodily suffering is due to an inactive and disordered liver. Nothing ages one more rapidly, nothing makes life more miserable, and nothing shortens more lives than this.

At the same time, nothing restores the liver to a healthy, clean, active condition more quickly and surely than Kutnow's Improved Effervescent Powder. This preparation is not one of the many whose composition is kept secret, as it consists simply of the curative, purifying, and medicinal properties of the waters of the noted health springs of Europe. In many respects, however, it is superior to the waters, as it has none of their drastic, lowering, nauseous attributes.

Any disorder for which a course of mineral-spring treatment is prescribed may be treated with Kutnow's Powder with as satisfactory results as can be obtained from a visit to the most famous spa in Europe.

Kutnow's Powder frees the liver of the impurities which prevent the proper performance of its functions, and brings it back to an active, strong, healthy condition. It also relieves the blood, brain, nerves, and tissue of the waste matters by which they become poisoned.

After a course of Kutnow's Powder, Liver Torpor, Constipation, Dyspepsia, and every other derangement of the digestive organ will vanish, and those that have suffered from any of these disorders will be surprised to find how much younger, stronger, healthier, and more vigorous they feel. The languid, heavy, depressed feeling will depart; the appetite for food, the ability to sleep, and the inclination for work will return; the blood will be purified, the brain becomes more active, the eye brighter, the skin clearer, and the movements more rapid.

No one engaged in a sedentary occupation should be without Kutnow's Powder, and no one that is in the habit of consuming rich foods or strong teas, coffees, or cocoas, or alcoholic beverages should be without it. There is hardly a minor ailment that cannot be relieved by Kutnow's Powder, and there is hardly a serious ailment in which it cannot be taken with beneficial effect.

Whenever you suffer from nervousness, headache, languor, or insomnia, take "Kutnow's," and whenever you are irritable, despondent, drowsy, or bilious, take "Kutnow's."
